Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed the amendment to the first line of the Specification claiming priority back to 1996; the first sentence appeared to be claiming priority back through a provisional which is not premitted. Mr. Pace stated that the amendment only referred to Application 09/674,254. Based upon the telephone interview and Applicant's Representative statements, prosecution will be reopened and a non-final action issued. The first sentence is still unclear as submitted, but Applicant's intent was made clear in the telephone interview. The second recitation "and this Application" should be changed to-----" and 09/674,254 claims priority-----.
